

BROADNET INTERNET SERVICES

Website Pre-Deployment Checklist & Required Information Report

Target Business: Broadnet Internet Services • **Location:** Avadi, Chennai - 600054

Leadership: Janardhanam. L (Director - Operations) • **Prepared By:** Antigravity Engineering • **Date:** September 2026

Executive Summary:

The Broadnet website is fully built, mobile-optimized, and styled using Broadnet's solid brand palette (#500EBA Royal Purple and #EF1313 Red) with all gradients removed. To make the website 100% complete and ready for public launch, this document provides an itemized list of business credentials, regulatory details, plan terms, and media assets required from Broadnet. High-definition relevant images have been generated and deployed across all pages as realistic placeholders, allowing a direct one-click swap when actual photography is provided.

1. Current Integrated Business Data (Confirmed)

The following information has been extracted and integrated across all pages:

Item / Parameter	Current Value on Website	Status
Company Name	BROADNET INTERNET SERVICES	CONFIRMED
Director - Operations	Janardhanam. L	CONFIRMED
Primary Phone & WhatsApp	+91 9884344075	CONFIRMED
Main Operating Office	# 1093, Fire Station Road, Avadi, Chennai - 600054	CONFIRMED
Operating Hours	Monday to Saturday, open until 6:00 PM (Field dispatch active)	CONFIRMED
Service Categories	FTTH Fiber Broadband, Wi-Fi Solutions, CCTV Surveillance Cameras	CONFIRMED
ISP PIN Check Mode	Instant lookup (Zero contact info required from visitor)	CONFIRMED
Security Camera Mode	Dedicated Callback & Site Survey Inquiry Form (with Phone)	CONFIRMED

2. Required Business & Regulatory Information

To ensure statutory compliance, build visitor trust, and support commercial billing, please provide:

Required Information	Why It Is Needed	Priority
Official Support / Sales Email	e.g., support@broadnet.in or broadnetavadi@gmail.com for contact page and automated inquiry dispatch.	HIGH
GSTIN (Tax Registration Number)	Required for B2B commercial internet invoices and footer tax transparency.	HIGH
ISP License / Franchise Partner Name	e.g., Class B/C ISP license or franchise tie-up (BSNL / RailTel / Tata Tele / Direct Class-B).	RECOMMENDED
Customer Self-Care / Quick Pay URL	Direct portal link or UPI payment QR code for monthly plan renewals and billing self-service.	HIGH
Official Tagline / Slogan	Currently using 'FTTH Wi-Fi Network Solutions'. Confirm if any alternate marketing tagline exists.	MEDIUM
Emergency Escalation Number	Dedicated fiber cut / overnight emergency support contact if different from +91 9884344075.	OPTIONAL

3. Broadband Plans & Pricing Confirmation

Current residential plans deployed on the website. Please confirm or amend the rates and commercial terms:

Plan Name	Speed	Monthly Price	Included Hardware & Terms	Verification
Fiber Starter	40 Mbps	Rs. 499 / mo	Truly Unlimited, Dual-Band Router, Standard Installation	CONFIRM RATE
Fiber Turbo (Featured)	100 Mbps	Rs. 699 / mo	Truly Unlimited, Gigabit Dual-Band Wi-Fi, Free Setup	CONFIRM RATE
Fiber Ultra Pro	200 Mbps	Rs. 999 / mo	Truly Unlimited, Gigabit ONT Router, Priority On-Site Setup	CONFIRM RATE

- **Taxes:** Confirm whether prices are inclusive of 18% GST or if GST is billed additionally.
- **Installation Fee Policy:** Specify installation charge for monthly subscribers vs. free installation on 6 or 12-month advance recharges.
- **Router Deposit:** Confirm whether ONT / Wi-Fi router requires a refundable security deposit or is provided gratis under service agreement.
- **B2B Enterprise Leased Lines:** Provide commercial pricing for 300 Mbps, 500 Mbps, or dedicated bandwidth if applicable.

4. Serviceable PIN Codes & Locality Database

Broadnet's instant availability checker matches visitor input against local areas without requiring phone numbers. The current verified list is shown below. Please review and provide any additional PIN codes or neighborhoods:

PIN Code	Primary Localities & Landmarks Covered	Network Status
600054	Avadi Main Town, Fire Station Road, Nehru Nagar, Gandhi Nagar, Avadi Bus Stand	ACTIVE / CENTRAL HUB
600071	Kamaraj Nagar, IAF Avadi, Mittanamalli, Muthapudupet	ACTIVE
600053	Ambattur OT, Menambedu, Ambattur Industrial Estate	ACTIVE
600062	Pattabiram, Hindu College, Nemilichery, Sekkadu	ACTIVE
600077	Thiruverkadu, Koladi, Velappanchavadi, Sundarasozhapuram	ACTIVE
600055	CRPF Camp Avadi, HVF Estate, Giri Nagar	ACTIVE

5. Surveillance Camera Catalogue & Package Specifications

The camera catalogue currently includes 8 core product models with filter tabs (Indoor, Outdoor, IP, Dome, Bullet, PTZ, Wi-Fi, NVR). To finalize this section:

- **Brand Authorization:** Specify authorized partner brands distributed (e.g., Hikvision, CP Plus, Dahua, TP-Link Tapo, Ezviz).
- **Turnkey Security Bundles:** Provide pricing for standard pre-configured kits if desired:
 - *Home Starter Kit:* 2 Full HD Cameras + 4-Ch NVR + 1TB Hard Disk + Wiring & Setup.
 - *Commercial Security Kit:* 4 to 8 4MP IP Cameras + 8-Ch NVR + 2TB Hard Disk + Mobile Live Monitoring.
- **Warranty Terms:** Confirm manufacturer warranty period (typically 1 or 2 years) and local on-site service commitment.
- **AMC (Annual Maintenance Contract):** Confirm if Broadnet provides periodic CCTV cleaning and maintenance packages.

6. Image Assets & Photography Swap Guide

High-definition relevant placeholder images have been generated and integrated. Before live deployment, Broadnet can swap them with actual company photography:

Target File & Page Location	Current Placeholder Image	Recommended Real Image	Dimensions
assets/hero-router.jpg (index.html Hero Card)	Sleek Wi-Fi 6 router on modern desk with glowing fiber optic cable.	Actual optical fiber ONT/router brand provided to Broadnet subscribers.	1920 × 1080 (16:9)
assets/camera-hero.jpg (index.html & cameras.html)	Modern outdoor high-definition bullet camera on clean building wall.	Actual installed CCTV camera from a customer home/store installation.	1600 × 1200 (4:3)
assets/infrastructure.jpg (about.html)	Telecommunications fiber optic distribution rack with tidy patching.	Broadnet Avadi server rack, OLT equipment, or technician on site.	1920 × 1080 (16:9)
assets/coverage-map.jpg (index.html Coverage Grid)	Modern stylized vector roadmap showing fiber network coverage grid.	Google Maps satellite/road route screenshot of Avadi fiber lines.	1600 × 1200 (4:3)
Director / Team Photo (Optional on about.html)	Executive avatar badge.	Professional high-resolution photo of Director Janardhanam. L and technician team.	800 × 800 (1:1)

7. Technical Hosting & Production Deployment Checklist

Checklist Item	Technical Requirement	Status
Domain Name Registration	Select & register domain (e.g. broadnet.in, broadnetisp.com, or broadnetchennai.in).	ACTION REQUIRED
SSL / HTTPS Security	Automated TLS/SSL encryption certificate for trusted security badge in web browsers.	READY (VIA HOSTING)
Mobile Optimization & Responsiveness	Verified across iPhone (Safari), Android (Chrome), tablets, and desktop resolutions.	COMPLETED & TESTED
Lead Notification Route	Camera callback inquiries automatically routed via WhatsApp (+91 9884344075) & form dispatch.	ACTIVE VIA WHATSAPP API
Google Business Profile Sync	Provide Google Maps Place ID to display live verified 5-star customer reviews.	PENDING PLACE ID

Next Steps for Deployment:

1. Review the required items above and provide details via WhatsApp or email.
2. If actual site / hardware photographs are available, share them for immediate replacement.
3. Once finalized, the website is 100% production-ready for public domain deployment.
